

SUPPORTED CITRIX AND HP SOFTWARE PLATFORMS

*HERMES SoftLab Citrix Xen SMART Plug-In for HP
Software*

This document contains information about all HP Software and Citrix products, compatible with SPI for Citrix, version 3.20, XenApp Solution Templates, version 3.40, and SPI for Citrix XenServer, version 3.50.

Contents

////////////////////////////////////

- 1. Introduction3
- 2. SPI for Citrix for HP Operations Manager for Windows, Release 03.204
- 3. SPI for Citrix for HP Operations Manager for UNIX, Release 03.209
- 4. XenApp Solution Templates for HP SiteScope for Windows, Version 3.4014
- 5. SPI for Citrix XenServer for HP Operations Manager for Windows, Version 3.5016
- 6. SPI for Citrix XenServer for HP Operations Manager for UNIX, Version 3.5018

1. Introduction

The second and the third chapter of the document are intended as a reference source to complement the SPI for Citrix Installation and Configuration Guide. It presents information about the following compatible Citrix Systems, Inc. products:

- Citrix Presentation Server
- Citrix License Server
- Citrix Web Interface
- Citrix Secure Gateway

In addition, it presents information about the compatible HP Software products:

- HP Operations Manager
- HP Reporter
- HP Performance Manager

The fourth chapter of the document is intended as a reference source to complement the XenApp Solution Templates Installation and Configuration Guide. It presents information about the following compatible Citrix Systems, Inc. product:

- Citrix XenApp

In addition, it presents information about the compatible HP Software product:

- HP SiteScope

The fifth and the sixth chapter of the document are intended as a reference source to complement the SPI for Citrix XenServer Installation and Configuration Guide. It presents information about the following compatible Citrix Systems, Inc. product:

- Citrix XenServer

In addition, it presents information about the compatible HP Software products:

- HP Operations Manager
- HP Reporter
- HP Performance Manager

Information relating to each of these products is described in detail in the sections that follow. Document also provides information on software availability in native languages.

2. SPI for Citrix for HP Operations Manager for Windows, Release 03.20

This section contains information on all HP Software products and Citrix products, compatible with SPI for Citrix, release 03.20, version for use with HP Operations Manager for UNIX.
